

KEY PRODUCT FEATURES AND BENEFITS

- A tailor-made system to meet your specific cellar and safety needs.
- Suitable for mixed gas dispense in outlets with standard gas usage.
- Food grade gas mixtures for all dispense and line cleaning requirements.
- CO2 cylinders exchanged on site.
- Backup cylinders and CO2 monitor installed for added security.

“We take away all your cellar gas hassle and free your time to serve customers ... and make you more money”.

The solution for regular mixed gas trading sites.

Saves Time - significantly reduces time changing cylinders and cylinder stock keeping issues.

Saves Money - only pay for the CO2 you use, mixed gas produced by the system.

Saves Space - generator is wall mounted relieving valuable floor space. Siting cylinders outside will free up further cellar space.

Saves Administration - fixed monthly fee tailored to suit, means billing and budgeting is easy.

Saves Saleable Product - more stable pressure means fobbing can be minimised.

Improved Safety - reduced cylinder handling means less chance of injury to you and your staff. CO2 monitors and other safety equipment can be supplied.

Peace of Mind - our Gas Management system automatically schedules regular deliveries, saving you the hassle of chasing orders or waiting for deliveries.
